

RISING GENERATION WORKSHOPS

YOUNG LEADERS AGES 18-28: THIS SERIES IS FOR YOU!

This summer, develop your leadership and advocacy skills to increase equitable access to the outdoors as a powerful pathway to healthy, just and sustainable communities.

The Rising Generation Workshop Series offers six virtual trainings designed to help you develop your personal narrative, cultural awareness, leadership style, community organizing and civic engagement skills to bring about positive change. Workshops are led by and for young leaders like you. By participating, you'll join a diverse and welcoming network of nearly 500 young leaders across the U.S. who have participated in similar trainings through the [Natural Leaders](#) and [Fresh Tracks](#) programs. Attend all six workshops to receive a certificate of completion.
